(14) All the three proposals may be approved. As regards the land to be set apart as railway service lease it is not stated whether any rent should be levied. On the former occasion, the R. C. had proposed that the difference between wet and dry assessment should be imposed on rent. And this is the practice that is being followed generally when wet lands are assigned as service leases. Whether in this case the entire assessment may be waived, considering the small area of the proposed lease, is a point for orders.

OFFICE OF THE MUZRAI COMMISSIONER IN MYSORE,

Bangalore....18th....September....192 18

No. 1355 Su 2 files 29-8

FROM

C. A. G. McShea, Esq., B.A., B.L.,
The Muzrai Commissioner in Mysore.

To

Private Secretary, Esq., B.A., B.L., 19.437
Secretary to the Government of Mysore, 16-9-27
Finance Department.

SIR,

I have the honor to state that in their C.P. No.R.37ab-4/L.A. 8-1-10 dated 4th January 1927 Government have requested that I may send an estimate of the probable value of the Sandalwood, Teak --- Blackwood, Honne, (Pterocarpus Marsupium) and Matti (Dalbergia Latifolia) trees standing on the Kulawadi Service Inam land of Sri Vasishtha Ganapathi Devasthanam, Nanjangud, Mysore District, and to forward the same to the Deputy Commissioner, Mysore District, for disposal. This office No.R.Dis. No.31/6-27 dated 6th January 1927 was communicated to the Deputy Commissioner, Mysore District, and this office No.R.Dis. No.31/6-27 dated 6th January 1927 for necessary further action.

2. In the order of Government quoted above it is also stated that the value of the malli, Honne, Dalbergia Latifolia and Pterocarpus Marsupium trees standing on the land in question should be reserved and credited. In pursuance of the above directions the trees standing on a portion of 3.20.10 out of the said land were valued at Rs.7-5-0 in my letter dated 4th April 1927. It was later on decided that a portion which contained no trees and it was not possible to make such a selection to report either for reservation or felling the few trees there were. This was brought out by the Inspector who reported that there are

41 malli trees

33 Attie trees

[illegible]-rale trees

36 Tomay trees.

3. The Mulavadi presented a petition on 30th April 1927 --- praying that the trees may not be sold and that as the outlay required to make the land fit for wet cultivation would be heavy and [illegible] he may be given the land together with the trees for a price of low price. As the land contained many valuable trees and as a considerable outlay was also required to make it cultivable, the Circar was directed to inspect Resurvey No. 313 of Kalustavadi (measuring 2a-20) and submit a report. It was reported that it is [illegible] situated at a distance of 2 furlongs from Singalipuram, that there were no trees and that it was fit for wet cultivation. The Mulavadi who was given the option to bear up this loss stated that he did not want it as there were pits here and there and required about Rs.2 0/- to make it fit for wet cultivation. --- The Circar in the enclosed report stated that a cash payment of Re.4/- per annum may be paid to Mulavadi as his remuneration, provision for [illegible] Report 12-9

4. It seems to me that the Government order dated 4th --- January 1927 does not contemplate the recovery of the value of trees from the Mulavadi, the local [illegible] were not justified in asking him to remove the trees. If, however, it was thought --- in spite of the fact that the removal of as many as 110 trees standing on an area of 3.20.18, the proper thing to have been done was to have reserved the land as Tope instead of giving it out for cultivation at all. The question now for consideration is whether the land -- should be given away for cultivation to the Mulavadi or reserved as a Tope and whether the value of the trees should be recovered from the Mulavadi. In the interests of the Tope on the land, I beg to recommend that sanction conveyed in the Government order of 4th -- January 1927 may be cancelled.

5. [illegible] the question arises as to whether provision for a cash payment of Re.4/- per annum to the Mulavadi should be provided in the scale of the Sri Dhandayuthapaniswami temple, as recommended by

the Deputy Commissioner. Instead of giving a cash remuneration it seems to be better both in the interests of the temple and the Kulavadi to give another land as inam to the latter.

6. In this connection I beg to state that on a petition presented by archak Sundara Dikshit on 18th November 1924 and on the recommendation of the Amildar to the effect that the archak who held the post in hereditary succession, was rendering satisfactory service, that the emoluments attached to the office were not in keeping with the times, that the lands comprised in old S.No.18 were not giving an adequate income to the temple and that it may be given to the archak permanently for an annual rental of Rs.30/-, the Sub Division Officer sanctioned the proposal in his order dated 21st January 1925. A mutchalika in favour of Sundara Dikshit and possession of the land leased over to him from 1924 fasli. Subsequently, however, when the question of grant of an other inam to Kulavadi other than Resurvey No.18 came up for consideration the same Sub Division Officer (Mr. T. Abdul Khader) reported that he inadvertently sanctioned the lease of old S.No.18 (Resurvey Nos.6 & 14 measuring 4 A-10 G and assessed at Rs.35/-) permanently to the archak for a rental of Rs.30/-, that his order may be cancelled, that S.No.14 may be granted to the Kulavadi as inam, and that S.No.6 may be leased out every five years until it was finally disposed of on darkhast. The Deputy Commissioner while disagreeing with the Sub Division Officer's view has made the following recommendation in connection with the revision of the temple scale.

"No increase is proposed to the existing pay of the archak by the Amildar. The small extent of garden which was not previously fertile yielding no appreciable income is now leased out to the temple archak or an annual gift's of Rs.30/-. It is stated that the archak takes great interest not only in the performance of his temple duties but also in the improvement of the land leased out to him and out of his own exertions he has brought the land to a productive condition. The Amildar reports that in lieu of any increase to the pay of the archak, the small garden land may be leased out to him permanently, as a special case, subject to - -
